

Home Sweet Home

Years 5 and 6 Homework Map for the Autumn Term

Please support your child to choose a minimum of four activities to complete at home over the next few weeks. They must include at least one task that is worth 10 points. All children who complete the tasks to a good level and hand them in by Monday 26th November will be awarded the corresponding points for their team. We look forward to celebrating everyone's homework and sharing examples of their classwork too, in our next open afternoon on Monday 26th November at 2:45pm-3:05pm. Have fun!

Design Technology

Build any type of mill using a material of your choice e.g. lego, cardboard, lollipop sticks, cake, gingerbread...

10 POINTS

Science and History

Choose a significant inventor during the Industrial Revolution. Research their life and discover more about their discovery, then film a TV documentary to share with the class.

10 POINTS

Any subject!

Uley Mills, the woollen trade, warehouses, Industrial Revolution...focus on one of our hot topics and create an exciting homework all of your own.

5 POINTS

Values and Be the best you can be!

Write a recipe for friendship. Think carefully about the qualities that would be required.

5 POINTS

Music: Family Challenge!

Ask friends and family to think of songs which have at least one of the following words in the title: *water, mill, sheep, wool, hill*. Which family will come up with the most?!

5 POINTS (10 POINTS TO THE WINNER!)

Maths

Research an interesting fact linked with our topic then create your own Maths codebreaker for the class to solve so that they can read it.

5 POINTS

Geography

Explore a map of the local area – can you find signs of mill life? Create your own 'Mill Map' to show the location of 10 different mills in the Stroud area. Can you label any additional features which link with the mill industry, such as streams and springs? Show the location of these using a key to accompany your map.

8 POINTS

Religious Education

If you were God and had to create your ideal world, what would you include or omit? Create a piece of work to show your ideas.

3 POINTS

Physical Education

Mills are famous for their rotational movement. Choose a sport that involves rotation and bring in a photograph of you doing it. The more 'sports you try, the more team points you can collect!

3 POINTS (for each sport!)

Art and Design

Create a beautiful watercolour painting of a water-powered mill. (Please ask if you require some thicker art paper for this).

7 POINTS

English

It is 1890 - imagine that there has been an accident at one of the local Mills. What happened? Write a newspaper article to tell the villagers about this shocking event. Can you make the article look realistic too?

8 POINTS

Languages and Computing

Uley is particularly famous for producing blue broadcloth. Research how to say 'blue' in as many other languages as you can find and then present these translations using 'Wordle'.

5 POINTS

These tasks are to be completed in addition to home reading, *Mathletics* tasks and *Rainbow Maths* practice. Please ask for extra *Rainbow Maths* sheets if you need them – they are available on the school website or we can provide you with photocopies. The children will also be completing 'Hit the Button' in class (Year 5 has 11 x table and Year 6 has mixed times tables).

If you require any equipment/resources to help complete the tasks please do not hesitate to ask!
