

Expressive Arts and Design

Can you create an animal footprint painting using stencils or potato printing?

What animal/s have you chosen and why?

Personal, Social and Emotional Development

Currently, it is very important to look after ourselves and others, including our friends. The Kindness Ripple:

Fill a large wide bowl with water. You will also need a small pebble or object. Explain that the water is lots of people and the pebble is one kind, caring person. What happens when one kind person interacts (is dropped) with others (the water)? Can you see the ripple effect? When kindness is given, it in turn passes on.
