

As part of our new topics 'Let's Explore' and 'Build it up' we have created a collection of homework tasks below for you to choose from. **Children must complete a minimum of 3 tasks.** Completed tasks can be brought into school anytime between now and 30th June and will be carefully shared and looked after. All the children will have the opportunity to share their homework and have it on display in the classroom. Each task has an assigned number of team points that they can earn - how many can they collect? Please can all homework be named with the task also written on the back, thank you. Can I also request that homework is not emailed in as we would like the homework to show for homework share.
